

COMPANY PROFILE

PT Global Sarana Angkasa

International air cargo General Sales Agent — representing the world's carriers in the Indonesian market since 2006.

About the company

PT Global Sarana Angkasa (PT GSA) was established in 2006 to seize the opportunities of the global air cargo business. Appointed by both domestic and international carriers, the company has demonstrated its ability to compete effectively within the industry.

Today PT GSA holds General Sales Agent partnerships with several international airlines, selling and managing their cargo capacity across the Indonesian market and its connecting network.

ESTABLISHED	2006
CHIEF EXECUTIVE	Ade Wellington
EXECUTIVE ADVISOR	Nina
REGISTERED OFFICE	Jakarta, Indonesia

Full registration and contact detail available to partners on request.

WHERE WE OPERATE

Head office in Jakarta (CGK / DPS gateways). Carrier partnerships reach across Asia, the Middle East, Africa, Europe and the Americas.

What we do

A General Sales Agent is the carrier's commercial arm in a market it does not staff itself. PT GSA is that arm in Indonesia.

Appointed by domestic and international airlines, we sell and steer their air cargo capacity — building the customer relationships, optimising the revenue on every flight, and running the operation, technology and settlement behind it.

We are neither the airline nor the freight forwarder; we are the party that connects the two, converting an airline's belly and freighter capacity into booked, documented, revenue-earning cargo across the Indonesian network.

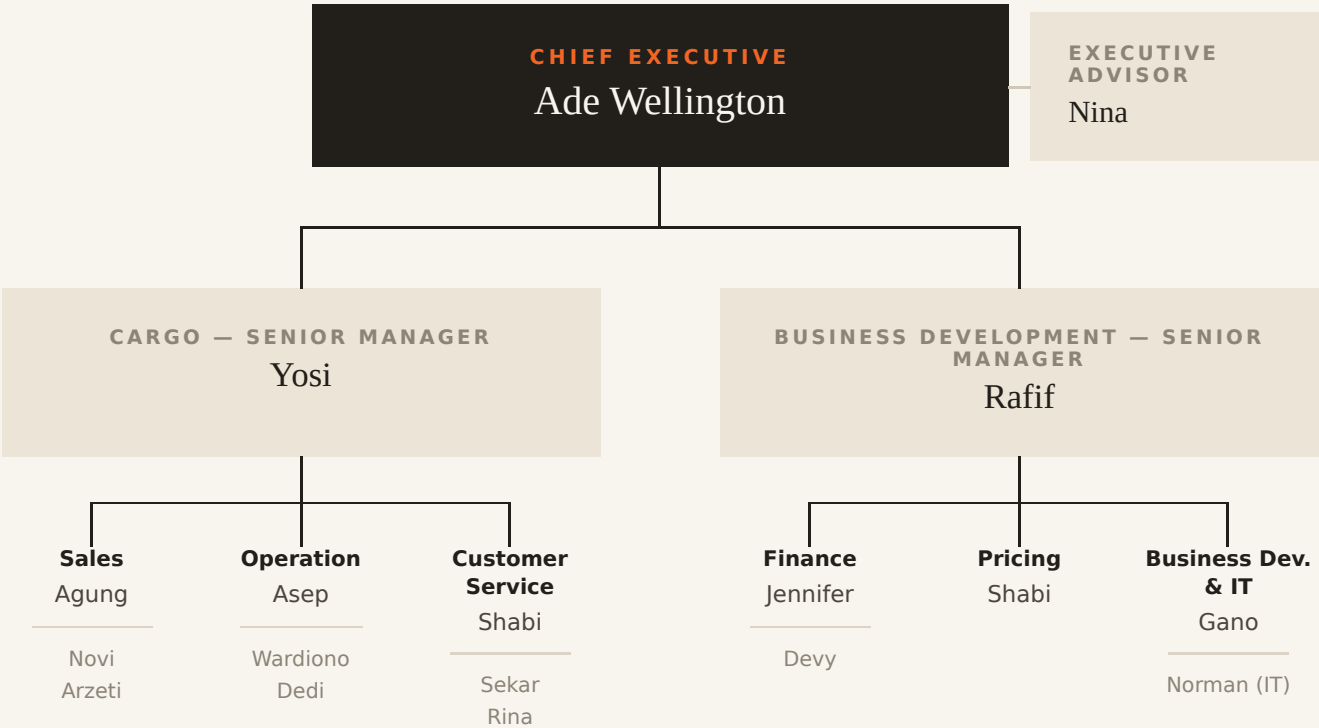

On approach — a partner carrier inbound to a network gateway.

OUR ROLE

Appointed by the world's carriers to represent them where it counts — turning capacity into cargo, and cargo into a dependable, well-documented revenue stream.

Organizational structure

The company is led by the Chief Executive, supported by an Executive Advisor, over two operating divisions — Cargo, and Business Development — each headed by a senior manager and staffed by functional teams.

Cargo division — Sales, Operation and Customer Service. Business Development division — Finance, Pricing and Business Development & IT. Shabi holds both Customer Service (Cargo) and Pricing (Business Development).

Milestones

Two decades of carrier appointments — from the company's first agencies in 2006 to its most recent partnerships.

YEAR	CARRIER	SECTOR / ROUTE	PERIOD
2006	Top Air	Domestic & regional	2006 - 2009

Global network

Primary cargo lanes from the Jakarta (CGK) and Denpasar (DPS) gateways to Europe and the United States — westbound across Asia and the Middle East, and eastbound across the Pacific.

EUROPE GATEWAYS

Amsterdam (AMS) · Brussels (BRU) · Frankfurt (FRA) · London (LHR) · Paris (CDG)

UNITED STATES GATEWAYS

New York (JFK) · Chicago (ORD) · Los Angeles (LAX)

Pacific-centred projection. Lanes shown are the company's primary Europe- and US-bound cargo routings from its Indonesian gateways; Dubai indicates a Middle-East connecting hub.

Reach and cargo lanes

Great-circle distance from Jakarta (CGK) to each primary gateway — a measure of the network's reach across the two long-haul theatres the company serves.

11,400 km

Average lane to Europe (5 gateways)

15,500 km

Average lane to the United States (3 gateways)

8

Primary long-haul gateways

DISTANCE FROM JAKARTA (CGK) BY GATEWAY — KM, GREAT-CIRCLE

Bars scaled to the longest lane (New York, JFK). Distances are great-circle from Jakarta Soekarno-Hatta (CGK); actual flown routings via connecting hubs are longer.

Marketing plan

Six initiatives directing where PT GSA grows volume and builds the network.

01

Transshipment

Bringing cargo ex Hong Kong, China and Taiwan, and re-documenting it in CGK / DPS.

02

Perishable

Aggressive sales for perishable products — fruits, seafood and tropical fish.

03

DG & Pharmacy

Exploring niche products such as dangerous-goods and pharmaceutical cargo.

04

Interlines

Setting SPA / interline agreements between our carriers and other airlines.

05

Branding

Agent awards, gatherings and familiarisation trips (famtrips).

06

Advertising

Sponsoring cargo events and merchandising.

Recognition and strengths

ICAC & Cargo Times Award, 2020.

RECOGNITION · 2020

The Best Cargo Airlines in Indonesia for the Africa, Middle East and Latin America sector

Awarded by ICAC & Cargo Times Award in 2020 — recognition of PT GSA's strength on the long-haul sectors it represents.

KEY SUCCESS FACTORS

Over 7,200 tons a year of existing cargo — a base the company continues to build on.

Experienced in the GSA business in Indonesia and worldwide.

Strong support from customers and government in Indonesia, and an international network.
